

## LITTLE ACTIVITY IN BOWLING GAME

Many Leagues Quit Rolling  
During Week—Inglesides  
Lead Teams.

Many leagues have suspended activity during inauguration week, and comparatively little rolling will be done until next Monday.

About a dozen circuits staged matches last night, but nothing above the ordinary was accomplished in the way of scores.

Inglesides, in the National Capital League, and Washington Centennial, in the Masonic, won team honors with sets of more than 1,000.

Inglesides won two games out of three from the Palace with games of 570, 622 and 568. Eiker and Mandy being the best performers. Watson more than held his end up for the Palace.

Washington Centennial scored a clean sweep over Columbia, and picked up considerable ground on the leading Stansbury team. Columbia gave its opponent keen competition all the way, losing the last two games by narrow margins. Penton, Brown and Webb were the chief contributors to the Centennial counts of 545, 537 and 519, and Krieger did well for Columbia. His 147 string was the largest of the night.

Niess gave an excellent exhibition in the anchor position for Gibraltar, in the Brunswick League, with scores of 125, 118 and 103. H. Swan, of Mt. Pleasant, in the Masonic League, led all bowlers with strings of 118, 128 and 113.

FRENCH FREE OSCAR PFLUG

Sharp Obtains Release of Former Gerard Employee.

PARIS, March 7.—The French government today ordered the release of Oscar Pflug, a former employee of the American embassy in Berlin. The release was made on representations by the American ambassador.

Pflug was one of several persons detained by the French authorities when Ambassador Gerard's party entered France. His replies to questions were deemed unsatisfactory. Max Pflug, his father, who lives in Rideout, Fla., recently appealed to the United States government to aid in obtaining his release.

NEW PLACE FOR KERN.

Former Senator John W. Kern, of Indiana, Democratic floor leader in the Sixty-fourth Congress, is slated to be nominated as a member of the Joint International Commission, to fill a vacancy expected soon. President Wilson is understood to be ready to nominate Mr. Kern as soon as the vacancy occurs.

## TO SEEK CAMINETTI PARDON

Petition to President From California Carries 1,000 Names.

SAN FRANCISCO, March 7.—President Wilson will be asked to pardon F. Drew Caminetti, son of Anthony Caminetti, United States commissioner general of immigration, whose appeal for a rehearing of white slave conviction was denied by the United States Supreme Court.

Marshall Woodworth, counsel for Caminetti and Maury Diggs, also convicted, said a petition to the President already had signed to it nearly 1,000 names. In Caminetti's appeal for a rehearing it was stipulated Diggs should abide by the result.

## PLEDGES "BIT" FOR CHEAP VEGETABLES

Wilson School Community Center Begins Campaign For Gardens.

"Do your bit.

"Cut the cost of living by cultivating a piece of unused land."

With this as their slogan the J. O. Wilson Normal School Community Center began last night a systematic campaign against high prices. At a meeting in the schoolhouse plans were outlined for enlisting the aid of the Department of Agriculture, the Board of Education, and citizens' associations. Assurances of co-operation already have been received from A. J. Driscoll, president of the Mid-City Citizens' Association, and Dr. E. D. Thompson, president of the North Capitol and Eckington Citizens' Association.

Six Lectures Arranged.

A committee consisting of Dr. Lyman F. Kebler, Mrs. Susie Root Rhodes, and Miss Susan B. Sipe was appointed to draft resolutions embracing the purposes of the organization to be present at the next meeting on March 13.

Mrs. Ida E. Kebler, director of the community center, who presided, announced that a series of six lectures will be given by experts on gardening. Money for the campaign will be raised by entertainments given in the school building.

Miss Sipe, a teacher in the Wilson Normal School, who for the last fifteen years has directed gardening in the public schools, told of the successful efforts of her pupils. Larger appropriations, Miss Sipe said, are necessary in order to obtain the best results.

Class For Each School.

Suggestion was made by J. L. Randall, of the Bureau of Education, that the work of the pupils be broadened by the employment of one teacher in each eight-room building as director of a class in gardening.

Miss Ann B. Sloan suggested that prizes be offered for the best crops, and that guards of honor be appointed to take charge of the gardens. The organization of a market squad also was suggested.

Indorsement of the general plan for the cultivation of vacant spaces was given by D. S. Shoemaker, of the Department of Agriculture.

## MINOR THEFTS REPORTED

Police Seek Intruders Who Take Clothes and Chickens.

Police are searching today for the negro who stopped long enough to take the front door key when caught in the apartment of Mrs. Joseph Ward, 1011 H street northwest, yesterday.

Mrs. Ward encountered the intruder in the hall adjoining her rooms on the third floor. Startled, he seized her, but on second thought released his hold, took the key from the door and made a hasty exit, locking the woman in so that she could not follow him. Nothing was taken.

Mrs. Helen Carr, of 429 Sixth street northwest, reported to the police that a gypsy called at that address yesterday to rent a room. After he had gone Mrs. Carr missed a suit of clothes.

Chicken thieves resumed their activities yesterday. Edward J. Kelly told the police a Plymouth rock hen was stolen from his yard in the rear of 509 Seventh street southeast, and Daisy Marbury, of 624 Massachusetts avenue northwest, reported four hens and one rooster stolen from her yard.

## HAS PARALYSIS CURE

Chicago Physician Working to Perfect Effective Antitoxin.

CHICAGO, March 7.—Dr. Maximilian Herzog expects to have perfected a sure cure for infantile paralysis before the fatal hot summer months, he announced today.

"Already," said Dr. Herzog, who has made an exhaustive study of the cause, prevention and cure of the disease which caused so many deaths and so much distress last summer, "the microbe which causes infantile paralysis has been definitely isolated and experiments are being made to locate an antitoxin which effectively stamps out the disease among sheep and cattle."

"We hope to have perfected an effective antitoxin for human beings by summer."

The Chicago health authorities have enlisted prominent physicians, bacteriologists, nurses, women's clubs and civic organizations in a concerted effort to check the disease before it gets a start in Chicago this year.

## ASK A BOUNTY ON SPARROWS.

TOPEKA, Kan., March 7.—Senator Dore, of Pawnee county, has introduced a bill making an appropriation of \$25,000 to exterminate the English sparrow in Kansas. The bill requires the State fish and game warden to pay a bounty of 2 cents for each sparrow delivered to him, and it authorizes the counties to pay an additional 2 cents to the hunter.

eral membership Friday at 3 o'clock.

Saturday is "new members' night." More than 100 have joined the association during the past month. "It is to these members that a party is given each month."

About 600 persons visited the headquarters of the Y. W. C. A. Sunday and Monday. The building was open to visitors both days. Among the strangers visiting the building were a number of soldiers who had become acquainted with the work of the woman's organization while serving on the border.

## ART EXHIBIT EXTENDED.

The exhibition of the Sarah Catherine Sweeney paintings in the Moore Galleries at 729 Seventeenth street will continue throughout this week. It was announced at the galleries yesterday. The exhibition was to have closed yesterday, but owing to the bad weather since they were shown to the public on February 19 and in view of the visitors in town during inauguration week it was decided to continue the exhibition.

The portrait of little "Peggie" Baker, Secretary of War Baker's daughter, is prominent among the chalk pictures, and among the pastels are those of Mrs. Robert Lansing and Justice McCoy.

## Y. W. C. A. MAY JOIN WITH MOTHER BODY

Affiliation Under National Organization Would Be Productive of Benefits.

The local Y. W. C. A., which, despite its name, has been independent of the national organization which claims the parentage of the Y. W. C. A.'s in all other cities, will hold a meeting of its board of directors at 10:30 o'clock tomorrow morning to discuss an affiliation with the regulars.

The success of the movement would allow the services of a traveling executive employed by the national subdivision of which Washington is geographically a part.

The girls' work committee of the local association met for supper and a discussion of the committee's work at 8 o'clock yesterday evening.

Current expenses and how to reduce them will be discussed at a meeting of the board members with the general membership Friday at 3 o'clock.

## SAULSBURY AGAIN LEADS

Democratic Senator Caucus Candidate for President Pro Tem.

By the action of the Senate Democratic caucus, Senator Saulsbury of Delaware again has been chosen President pro tempore of the Senate. The caucus gave its indorsement to him for re-election, and also voted for the re-election of other Senate officials, who usually hold over. Senator Walsh of Montana had the support of a number of Democratic Senators for President pro tempore, but the matter was finally settled by selection of the Delaware Senator.

Senator Saulsbury has been prominent for years in Delaware and national politics. He is the son of former Senator Willard Saulsbury, who occupied a seat in the United States Senate from 1859 to 1871. Mrs. Saulsbury was Miss May du Pont, daughter of Victor du Pont, of the celebrated Delaware family of that name.

BLAMES SLOT FOR HURT.

Robert R. Miller has instituted suit in the District Supreme Court to recover \$5,000 damages from the City and Suburban Railway Company, alleging that he was seriously injured when the front wheel of a bicycle he was riding dropped into a slot in the defendant's tracks. The District of Columbia is made co-defendant.

THINKS FIGURE DISTINCT.

NEW YORK, March 7.—Mrs. Anna Yost doesn't think her bathing suit figure is like any other woman's. She said so when Arthur Sullivan, head of the art department of a Philadelphia advertising concern, testified that his concern had clipped the head off a picture of Mrs. Yost, pasted on a new figure, and used the picture for a poster. The Anso company, which purchased the composite beauty, may have to pay \$50,000 in damages, and it may not. Justice Yost took her troubles, reserved decision.

ARROW COLLARS

ARROW Collar styles are not only most correct, but the collars are the most durable and perfect fitting it is possible to produce.
